Poster presentations for first International Design Course

Poster presentations will be held by Tokyo Tech students at Schlumberger K. K. Technology Center in Fuchinobe, Kanagawa-ken, on April 7th 2009. The students will show the prototypes they have been developing with their teammates abroad, in Tokyo Tech’s first International Design Course.

The International Design Course http://idesign.rice.edu/, sponsored by Schlumberger and hosted by the Department of Mechano-Aerospace Engineering, aims at providing a real-life design experience to students, bringing the knowledge and skills acquired in previous courses to solve a real engineering problem. Tokyo Tech students must cooperate with students from other countries by videoconference or other means to develop their projects. The Universities participating in this course are: Rice University (USA), Supelec, Ensam, Centrale (France), United Arab Emirates University (UAE) and Tokyo Tech (Japan).

The poster session will be held from 9:00 to 15:00 on April 7th, and Tokyo Tech academic advisors and staff are welcome to join.

Address: Fuchinobe Technology Center – Sakura Room
2-2-1 Fuchinobe, Sagamihara-shi, Kanagawa-ken, Japan
Phone for contact: 0427-759-2115 (Ms. Shizu Kobayashi)
